

◦ *A suite of business-class telephony solutions, designed to support the telecommunication needs of any business, any size.*

BUILD BETTER BUSINESS EFFICIENCY WHILE SAVING TIME AND MONEY

As traditional telephone services face impending elimination, businesses are learning the benefits of the Hosted Voice over Internet Protocol (VoIP) system. Built to be a viable communication solution for fully “hosted” and “premise-based” IP PBX/PBX environments, Momentum’s Enterprise Office provides a proven platform for increased productivity and customer satisfaction. Because this service integrates seamlessly with technology, it offers a convenient and efficient solution for all of your company’s telephony needs.

QUICK SPECS

- Low Total Cost of Ownership
- Customizable Solutions
- Quick, Turnkey Setup
- Measurable Voice Quality
- Cutting Edge Features
- Geo Redundant Network

REDUCE MONTHLY BILLS, INITIAL INVESTMENTS, AND UPKEEP COSTS.

Eliminate a closet full of PBX equipment and the need for future hardware upgrades. With our powerful VoIP network, you’ll experience measurable voice quality and 100% uptime. We’ll handle everything. Enjoy hasslefree management and maintenance, as our solutions easily scale as your business grows.

GAIN A COMPETITIVE EDGE WITH IMPROVED ACCESSIBILITY AND FLEXIBILITY.

Our Enterprise Office solution fosters greater collaboration and communication, and provides a proven technology that will increase productivity across your organization. Administrators and end-users may configure, customize and manage their solution from an intuitive user interface, and because our Enterprise Office solution is cloudbased, you will always have the latest features and services that Momentum has to offer.
